- Concrete
- Granite
- Pavers
- Bluestone

**ASPHALT AND ASPHALT/CONCRETE**
The Vector Plus Asphalt and Asphalt /Concrete series offers a wet/dry cutting segmented rim diamond blade for cutting softer materials like asphalt and overlay applications. Full Radius Core Protection is provided every six segments in order to protect against undercutting during all cutting operations. This blade is designed for contractor’s who demand efficiency and value from every cut.

**TUCK POINTS**
MK Diamond offers diamond blades for masonry pointing applications. Repair and restoration projects are quick and easy when using Vector Series tuck point blades. Tuck point blades are used with angle grinders and tuck pointers for fast mortar removal, grout repair and cleaning of concrete applications.
