New MK-5009G Kohler Command PRO CH395

MK Diamond Products introduces the new MK-5009G Wet/Dry Cutting Masonry Saw with a Kohler Command PRO CH395 engine. This 9.5 hp gasoline engine features a 4-cycle, slant cylinder design, with a cast iron cylinder bore and overhead valve for easy access. The Quad-Clean™ 4-stage air filtration system ensures only clean air enters the engine for maximum power and life of the engine.

MK-5009G Features:

- Kohler Command PRO CH395 engine 9.5 hp gasoline engine
- Precision screw feed mechanism allows the cutting head to be easily raised or lowered to the precise cutting depth required
- Self-leveling blade guard provides optimum blade coverage for operator safety
- Open-back design allows for material up to 20" long to be cut
- Conveyor cart built from heavy-duty cast aluminum
- Adjustable water supply for maximum blade protection
- Belt driven, self-priming centrifugal water pump can be disengaged for dry cutting
- Heavy-duty built-in forklift brackets allow lift to approach from the front or either side of the saw
- Depth of cut: 20" blade is 8" or 24" blade is 10"

MK Diamond Products, Inc. has been American-owned since 1868 and is a recognized world leader in the manufacturing of precision diamond blades and equipment for cutting, coring and polishing all types of masonry, concrete, tile and stone products.
