

# BPD Pin Drills for Porcelain Tile and Hard Stone

## Ideal For Drilling:

- Porcelain
- Granite
- Marble
- Tile
- Stone

These Pin Drills are for drilling porcelain tile, ceramic tile and hard stone. Through the innovative use of oil, these pin drills do not require water. Drills 15mm and smaller, have a hollow shank filled with olive oil. The oil acts as a cutting lubricant, is water soluble and does not stain or drip. These Pin Drills are for use with battery powered drills.
