

# MK-101 Stand Instruction Sheet

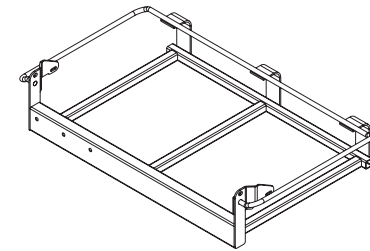

Stand Part# 168244

## **CAUTION**

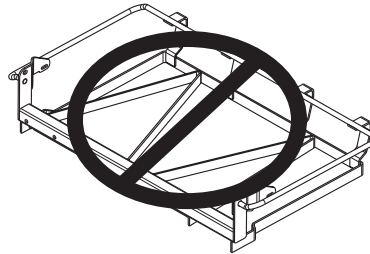

The MK-101 weighs eighty-seven (87.5) pounds. To lift the saw using two people, each person will grasp the front and back of the frame. To lift the saw using one person, remove the Cutting Head first, and then grasp the front and back of the frame.

**NOTE:** This stand is for use on the new saw frame (part# 168021) only. Please check that you have the correct frame (see below) before attempting to use this stand.

Part# 168021

Part# 153003

(A)

Open the stand and place on flat surface

(B)

Remove Water Basin, place saw on stand
