

BX-4™ FEATURES

- Sure-Grip handle and switch reduces operator fatigue and increases visibility while cutting
- Unique Mist System significantly reduces dust without generating excessive slurry
- Simple table lock mechanism prevents table movement during transport
- Lightweight aluminum construction
- Optional wheeled stand provides mobility during transport and safe positioning of saw during use
- Open-back design for large materials to pass through
- Integrated depth-stop prevents the table from being cut
- Heavy duty direct drive 1-3/4 horsepower motor with dust filter
- Includes 14" BX-10 Diamond Blade
- One year limited warranty

MK Diamond Products, Inc.

BX-4 is covered by the following United States patents:
No. 7,284,547, 7,159,586 and 6,687,972

BX-4™ 1-3/4 HP, 14" Wet/Dry Cutting Masonry Saw

The BX-4™ is the only lightweight masonry saw to use a patent pending misting system to control dust generated during cutting. The ergonomically designed handle allows for easy operation and control from either the left or right hand. Unique features include a removable plastic tray and a locking table. The adjustable depth stop prevents cutting through the table. One-year limited warranty.

Motor	Electric	
Power	1-3/4 HP, 120V	
Blade Capacity	14" (356 mm)	
Depth of Cut	5" (127 mm)	
Length of Cut	16" (406 mm)	
L x W x H (inches)	35" x 24" x 21"	
L x W x H (mm)	889 x 610 x 533	
Weight	70 lbs. (32 kg)	
Includes	<ul style="list-style-type: none"> • 14" Dry Cutting Diamond Blade • Water Tank (Misting system only) • Rip Guide 	
Model	BX-4™ (misting)	BX-4™ (non-misting)
Part#	165486	162761
Optional	Stand	
Part#	162771	

Patent Misting System significantly reduces amount of dust during cutting

Table can be removed or locked in place for ease of travel

Removable filter protects motor from dust particles
