

MK-5005S

MK-5000 ELECTRIC SERIES FEATURES

- Precision screw feed mechanism allows the cutting head to be easily raised or lowered to the precise cutting depth required
- Self-leveling blade guard provides optimum blade coverage for operator safety
- Open-back design allows for material up to 20" long to be cut
- Conveyor cart built from heavy-duty cast aluminum
- 3 phase saws are equipped with GE NEMA 1 starters in NEMA 12 enclosure
- Adjustable water supply for maximum blade protection
- Built-in tie-downs for safer saw transport
- Ergonomically designed handle for reduced operator fatigue
- Spherical rod ends are used to maintain proper cutting head alignment
- Heavy-duty built-in forklift brackets allow lift to approach from the front or either side of the saw
- One-year limited warranty

MK-5005S

MK-5000 Electric Series Wet Cutting Block Saws

The MK-5000 Series of block saws set the quality standard for durability and maintenance-free operation. These saws are specially designed to provide the highest level of productivity, operator safety and convenience. Heavy-duty cast aluminum and steel parts ensure the finest value in the masonry and stone industry. One-year limited warranty.
