MK-400 SERIES Refractory Blades

Refractory materials pose a very unique cutting challenge. The MK family of refractory diamond blades are specially manufactured to provide outstanding performance on all industrial refractories. MK blades are professionally engineered to recognize the specific compositions or other properties of refractory materials and provide proven cutting performance and optimum blade longevity.

| Diameter | Width | Arbor | ACID BRICK MK-410R Part# | 80% ALUMINA MK-440R Part# | FIRECLAY BRICK MK-450R Part# | SUPER DUTY BRICK MK-480R Part# |
|--------------|-------|-------|-----------------------------|------------------------------|---------------------------------|-----------------------------------|
| 14" (356 mm) | .100 | 1" | – | 136382 | 128801 | 128835 |
| 18" (457 mm) | .125 | 1" | – | 136390 | 128819 | 128843 |
| 18" (457 mm) | .135 | 1" | 167951 | – | – | – |
| 20" (508 mm) | .125 | 1" | – | 136499 | 128827 | 128850 |
