

MK-2005H

### MK-2005H Gas Saw 14" Wet/Dry Cutting Masonry Saw

The MK-2005H Gas Saw have been designed for high-production cutting. The pull-down handle on the cutting head prevents operator fatigue and increases visibility during all cutting operations. Jig-welded, reinforced steel construction, combined with sturdy die cast aluminum uprights, provide positive alignment. Specially located forklift brackets under the frame provide lifting control points for ease of transportation. One-year limited warranty.

Blade Capacity	14" (356 mm)
Depth of Cut	5" (127 mm)
Length of Cut	16" (406 mm)
Engine/Motor	Honda (Gas)
Power	GX160 Cyclone*
L x W x H (inches)	42" x 24" x 39"
L x W x H (mm)	1,067 x 610 x 991
Weight	171 lbs. (77.5 kg)
Includes	<ul style="list-style-type: none"> <li>• 14" Dry Cutting Diamond Blade</li> <li>• Centrifugal Water Pump</li> <li>• Rip Guide</li> </ul>
Part#	155961
Optional	Stand
Part#	153331

Jack shaft system on gas powered saws utilizes Micro-V belts and precision machined pulleys

Shock-absorbing engine mounts for smooth operation

Self-priming centrifugal water pump (gas only)

\*Engine power ratings are calculated by the individual engine manufacturer and the rating method may vary among engine manufacturers. MK Diamond Products makes no claim, representation or warranty as to the power rating of the engine on this equipment and disclaims any responsibility or liability of any kind whatsoever with respect to the accuracy or the engine power rating. Users are advised to consult the engine manufacturer's owners manual and website for specific information regarding the engine power rating. (Motors available in other electrical configurations.)

MK-2002-16

## MK-2000 Electric Series Wet/Dry Cutting Masonry Saw

The powerful MK-2000 brick saw features include a unique and innovative open-back design allowing large material to be easily cut. The cast aluminum blade guard has stainless steel water tubes that will not bend or rust. The blade shaft assembly is built with sealed, permanently lubricated, heavy-duty bearings for long maintenance free life. The recoil spring return cutting head makes plunge cutting quick and easy. One-year limited warranty.
