MK-SDG-7 7" Grinder

Perfect for small jobs, the SDG-7 is designed to grind concrete to a smooth finish and provide dust control. The adjustable rear axle allows the disc to lie flush to the work surface. Utilizing diamond cup wheels, contractors can use the SDG-7 for grinding, cleaning, and leveling concrete, masonry, and mortar. Other applications include removal of thick coatings like epoxies and urethanes, adhesives, thin set mortar, rubber, floor coverings and waterproofing materials.
